Welcome to our Annual Production Sale!

Wow, what a year to be in the cattle business. With cattle prices at an all time high and inventory still shrinking, the future looks bright. We would like to say thank you to all of our customers for the confidence you have in our program. We greatly appreciate the support and loyalty you have placed in our herd. At Sandhill Red Angus we stay dedicated to producing the best genetics possible. We talk about consistency all the time here at Sandhill Red Angus. We believe that the biggest contribution to our consistency is our females. They must be long bodied, huge middled, and stay functional. For us, being functional means having a perfect udder, good feet, and breeding up on time every year while raising a big calf.

I would like to take this time to thank all of our friends, neighbors, and family that help us. We are very blessed to be surrounded by such a great community, and have the opportunity to serve our customers and the Red Angus breed.

Andrew Johnson & Family

Andrew, McKenzie, Joslyn (10), Jett (8), Jayna (4)

Welcome from Shane Castle

It's been a great pleasure to tour through and evaluate the program at Froid of Sandhill Red Angus and to right away notice and appreciate the rigors of which the herd must adhere to for their survival. For the betterment of breeding and genetics, having a seed-stock outfit put the cattle through the paces year round can only garner any ranchers respect. Having mother nature apply pressure undoubtedly will reveal who is earning their keep and who isn't. With keeping their foot to the floor and no reason to let up on the cows, yet continue to jump the hurdles, we will find out who has what it takes to reach the finish line. Breeding cattle isn't a difficult task for a cow. Producing a live calf, weaning a good healthy calf, and re-breeding in a limited time will let the wheat sort itself from the chaff. It is clearly evident that this is the case for Andrew and McKenzie! By incorporating the genetics which are clearing their hurdles, you will notice a number of calves sired by their own home raised calves. Simply plugging in the good cows as many times as you can is certainly a recipe for genetic progress and breed betterment, ultimately landing on the real goal of being profitable! Feel welcome to direct any questions you may have our way, we look forward to hearing from you!

CATTLE SELL IN CATALOG ORDER

INSURANCE/BREEDING GUARANTEE

Sandhill Red Angus personally guarantees that all bulls have a one year breeding guarantee. If a bull is unable to breed, the buyer will be given a replacement bull of equal quality as acceptable to buyer or credit on next year's sale.

TERMS & CONDITIONS

All cattle sell under the standard terms & conditions of the American Red Angus Association.

INSPECTION OF SALE CATTLE

Cattle will be available for viewing at the ranch prior to the sale, contact Andrew to set up a time to take a tour.
Cattle will be transported to Sidney Livestock the Sunday before the sale.

UPDATED INFORMATION

Ultrasound Data, Ultrasound Weight, & Scrotal Measurements will be available on sale day & on our website.

VIDEOS OF EVERY LOT @ WWW.FRONTIERLIVESALE.COM

SEMEN INTEREST

Sandhill Red Angus will retain 50% semen interest in all bulls selling.

HEALTH

All bulls & females are in good health. They are up date with wormer & vaccinations advised by High Plains Veterinary.

**LOT
1A**

100 COMMERCIAL RED ANGUS BRED HEIFERS

This may be the best set of bred heifers we have ever had to offer. These big broody bred heifers are coming right off the top of our replacement program and are to calve April 1st for 30 days. If you are looking for fertile females that will have beautiful udders and stay sound footed, take a look here. These heifers are bred to low birth weight, Sandhill Red Angus bulls. These heifers will raise a great set of calves for years to come.

**LOT
2B**

100 COMMERCIAL RED ANGUS FIRST CALF PAIRS

Selling pairs for May 1st to June 1st delivery.

All of the pairs offered for sale will have calves out of Sandhill Red Angus Bulls. We will work with buyers in any way possible to help with delivery and trucks. All calves will have two shots at birth. Sidney Livestock will collect 70% of the purchased price on the pairs and the other 30% will be paid at delivery.

Picking Magnum to lead off our 2025 sale was as easy as it has ever been. 4101 has had that herd bull look all summer. His sexual correctness, athleticism, and square wide base make Magnum a true must use sire. Magnum stands down on a near perfect set of feet and legs, and is as close to perfect lined as we can make one. His mating options are endless, having a pedigree that makes him an out-cross to most of the breed. Magnum's pedigree is packed with high power females that have stood the test of time. I'm not sure that we have ever used or raised a bull that has so many top quality females in their lineage.

Sandhill Red Angus will be retaining 50% semen interest and 50% walking rights. Terms can be discussed and are negotiable.

Wow what a job his first calve mother did. If you want a heifer bull that will add pounds and leave you with some beautifully uddered females, Magnus 4013 should be your top pick. Do your homework here, 4013 goes back to one of the best female makers within the breed in Esclade. Then you throw in one of the best cow families at DVO, Dvorak Brothers Ranches. 4013's sire THE REAL DVO 971's dam, dam's full sister, and maternal sister were all high sellers at Tannons dispersal this last fall.

Kraft 4093 carries himself through the bull pen like he is a star. Extremely deep sided, long bodied, and as thick as we can possibly make one. 4093 is a true calving ease prospect. Wide based and proud, 4093 has always had that herd bull look. With loads of testosterone and masculinity, exhibiting pure breed character, it will be hard to find a calving ease sire like him.

Sandhill Red Angus will be retaining 50% semen interest and 50% walking rights. Terms can be discussed and are negotiable.

Wow what a true performance bull. If you are wanting to add frame, base width, and muscle into your cow herd then 4985 is your bull. It has been a long time since we have raised a bull like 4985, it's almost like he is a man among boys in the bull pen. A true powerhouse, he has a huge hip and is as deep and soggy as you can make one. 4985 also has one of the best dispositions in the sale.

Medallion is by far the best Slowburn calf we have raised. Like all the Slowburn calves he stands down on a perfect set of feet and legs. This is one of the most powerful and complete bulls in the sale. His dam is a beautiful cow that we have considered flushing more than once. Bold is the best way to describe Medallion. He is bold in his presences, bold ribbed, and is the true herd bull kind.

King is a heifer bull that will add frame and length of body. 4201 is a true curve bender, with a moderate birth weight and true performance it will be hard to miss this guy on sale day. One of the true sale features, King is the type of heifer bull you can use on heifers for a year or two and move up to cows after that.

Here is another herd bull prospect out of Kick-Start. It is hard not to love this sire group when you look at their breed character, skull shape, muscle, athleticism, and charisma. It is without a doubt that Kick-Start was one of the best breeding bulls we have ever used. Since he passed away unexpectedly this winter, this pen of bulls is one you will want to take a serious look at. The very first things we look at in a sire is if he breeds true and also breeds offspring that are better than himself. We truly believe 2189 was a game changer.

PAYBACK[®]

Feed that supports healthy herds

Payback[®] feeds support productive, profitable livestock feeding programs.

Our Payback Ultramin Elite[™] mineral, Payback Bull Challenger and Payback Head Start feeds now contain the full feeding rate of Zinpro[®] Availa[®] 4, a combination of highly available zinc, copper, manganese and cobalt, which contributes to the overall health and reproductive performance of beef cattle.

Payback[®] mineral benefits:

Heifers

- Improved growth
- Improved ovulation
- Better conception rates

Cows

- Tighter calving intervals
- Improved conception rates

Bulls

- Earlier puberty
- Enhanced semen quality
- Improved foot health

Healthy Calves

- Improved colostrum quality
- Better vaccination response
- Lower incidence of scours

Heavier calves

- Increased milk production
- Tighter calving intervals
- Greater weaning weights

AVAILA[®] 4

Bull Challenger benefits:

- High fiber source for muscle expression
- Zinpro Availa 4 mineral package
- Proven formulation for genetic potential

Vanessa E96 is a cow we chose to flush a couple of years ago. For a cow to get flushed at Sandhill Red Angus really means something. E96 earned her position. For the commercial cattleman looking for easy-keeping, heavy muscled, yet moderate cattle, she is the answer. E96 has many sons in this sale out of top bulls in the industry.

Princess E16 went to Larsen Vet with E96 to get flushed as well. We flushed E16 for her exceptional udder and added performance. She has a little more frame and her sons will add pounds to any calf crop.
