

BRUNER ANGUS

Ranch

23rd Annual Production Sale
2 pm at the Ranch, North of Drake, ND

Sunday, February 16, 2025

Welcome Cattlemen and Cattlewomen!

It is a pleasure to welcome you to our family's 23rd Annual Production Sale, annually held the third Sunday in February. It is because of great repeat buyers and the excellent new customers we have met along the way that we can present this offering to you. We want to personally thank all of you and we are privileged to have the opportunity to be your trusted seed stock supplier. This year's offering consists of 71 yearling bulls, 42 2-year-old bulls, and 41 registered bred heifers. The consigned commercial female group this year will consist of: 29 commercial Angus replacement heifers from the Dockter-Jensen Ranch in Denhoff, ND, 32 F1 black baldy replacement heifers from Ryan and Stacy Bruner of Drake, ND, 17 F1 black baldy replacement heifers and 16 F1 black baldy bred heifers from Luke and Jacy Peterson of Kief, ND, 12 commercial bred Angus heifers from Chris and Annie Arnold of Denhoff, ND, 10 commercial bred Angus heifers from Mike and Jim Rott of Anamoose, ND, 18 commercial bred Angus Heifers from Reimche Land & Cattle of Martin, ND, and 12 registered and commercial Angus bred heifers from Bryan and Sonya Miller of Bismarck, ND. This will be the largest and most diversified offering to date with 300+ head that is sure to satisfy your needs!

The yearling bulls were weaned September 10th and have been developed on a ration of barley hay, alfalfa hay, triticale hay, corn silage, rolled corn, and a protein/mineral pellet specifically designed for bull development. This ration is balanced at a NEg of .46 Mcal/lb. and has produced a 3.4 lb. average daily gain since weaning on this set of yearling bulls. After sale day, the energy will be dropped further and they will be moved to a larger pen for more exercise and to create pen space for us during calving. These bulls will be in good breeding shape when they are delivered. This group of yearling bulls are all born in a 2-week period. This tight age group allows for an easy evaluation for you, the buyer. As a seedstock or commercial seller, the goal is always to produce the most even/consistent set of animals in the highest volume possible. We have certainly accomplished that in this sale. We are very proud of this set of bulls and we hope you feel the same.

The 2-year-old bulls this year are big, stout, mature bulls ready to work. Raising 2-year-old bulls is a great test to see how our breeding decisions are benefiting one step further. The power, performance, look, and genetic potential they have exhibited to this point is showing the true benefits of the critical pressure in selection we continue to put on our cowherd. Our 2-year-old bulls come either from our AI/ET program or our top herd bulls. The AI/ET bulls in this group are bred to calve the end of April. These bulls are fed a modest growing ration their first winter off the cow, then pastured on grass together as a group, and then return home in the fall. They are fed the same ration as our yearling bulls the winter preceding the sale. These age-advantage bulls have never been offered for sale, are bred, born, and developed specifically for this sale. They will give you extra reliability and increased cow coverage.

All bulls and registered heifers have genomic enhanced EPD's and are parent verified. This provides the most up-to-date EPD's, \$Values, and also a guaranteed pedigree. The EPD's in the catalog are as of the 1/3/25 update to the AAA database. We will provide a supplement sheet sale day with scrotal measurements, ADG and ADJ Yearling Weights.

The registered bred heifers have been ultra-sounded and sexed with complete calving information in the catalog. These heifers were out on corn stalks until December 15th when they were sorted off for clipping, and treated just as the ones we plan to calve out ourselves. Like the 2-year-old bulls, this is another phase where we can see the benefits of our breeding decisions. This is a set of heifers anyone would be proud of! These heifers will have been poured with Clean-Up II and be up-to-date on their pre-calving Scour Boss and breeding vaccinations before the sale.

Again this year, the sale will be broadcast live online through DVAuction. The individual videos of each lot will be available approximately 2 weeks before the sale. If your schedule does not allow you to be with us sale day, we hope that this option can help out. If you have any questions with this please let us know.

The cattle are available for viewing anytime, or join us at our Pre-Sale Open House at the ranch February 8th from noon to 5 pm and receive \$100 sale day credit! If you have questions please do not hesitate to call. We look forward to seeing you at the sale!

Sale Photos: Zac Hall, Forte Livestock: (701) 595-6887

Sale Day Lunch:

Complimentary hot beef lunch starting at 11:30 AM. Sponsored by Hubbard Feeds

Liability:

All persons who attend this sale do so at their own risk, and Bruner Angus Ranch assumes no liability, legal or otherwise, for any accidents which may occur.

Herd Health:

At weaning our calves were given 7-way, Bovishield Gold 5, and One Shot Pasturella. They were boosted with Bovishield Gold 5, One Shot Pasturella, and Vision 7 somnus, and poured with Clean-up II. The Bred heifers were given one shot of Scour Boss 4, one shot of Scour Boss 9, and Cattlemaster 4 VL5. Our entire cowherd is fecal tested annually for Johnes to ensure our herd stays Johnes-free. Herd health performed by Russell Behm, DVM, Minot Veterinary Clinic, Minot, ND, and Kristi Best, DVM, Best Vet Services, Towner, ND.

Retained Interest:

Bruner Angus Ranch will be selling 100% semen interest and 100% possession on all bulls unless we announce differently from the block on sale day. We will contact the new owners to collect semen on a bull at our expense if we would like to do so.

Volume Purchase Discount:

The volume discount will be \$100 per bull after the third bull is purchased.

Additional Performance Data:

Adjusted 365-day weights, average daily gain, and actual scrotal measurements will be available sale day. Check out our website, www.brunerangusranch.com, after Feb. 8th for additional performance information.

Terms and Conditions:

The terms of the sale are cash or check payable to Bruner Angus Ranch with the clerks following the sale, unless credit arrangements have been made with Blaine or Travis prior to the sale.

Feeding Arrangements:

We are offering free keep on the bulls until April 1st, and then we will start deliveries. Free keep and delivery will not apply to the females in the sale.

Breeding Guarantee:

A full 60-day breeding season guarantee, from the date of turn out, will be given for any bull selling for \$3,000 or more, for any injury that would keep them from being a breeder for the first breeding season. This does not cover injuries prior to the breeding season. If a problem occurs, we will provide a suitable replacement, or you will receive full credit, minus \$2,000, towards a purchase in next year's sale. The guarantee does not cover death as that is insurable. Injury or death prior to delivery of the bull is not the responsibility of Bruner Angus Ranch, also insurable. The bulls are fertile to the best of our knowledge and are guaranteed to pass a breeding soundness exam. We request that you notify us before you cull an infertile bull. We reserve the right to a second opinion by a veterinarian of our choice.

Delivery:

We are offering free delivery on the bulls. For bulls going outside of North Dakota, we will help coordinate delivery to get the bulls to you as economically as we can. For all Females, it is the buyer's responsibility to transport them to their desired location. The sooner this can be accomplished the better as some of the bred heifers will not be too far away from calving.

Pre-Sale Open House – Saturday, February 8th, 1:00pm - 5:00pm

Bruner Angus Ranch will be hosting an open house to cattle buyers interested in previewing our sale offering. Stop by and visit with us individually about how we can help you with your herd's needs. Pre-registration will be available, to save you time on sale day. We are offering a \$100 sale credit for sale day on one Bruner Angus lot, for each ranching family present at the open house.

Welcome to Bruner Angus Ranch's Annual February Sale!

These are exciting times! With the tremendous demand and record breaking prices, it is definitely a great time to be in the cattle business. With the way prices are, I don't even mind the winter weather. Another headlining chapter is being written at Bruner Angus because of Deep Creek Square Deal, the great young sire that Bruner's purchased with Select Sires. His first offering will be one of the highlights in this year's sale. Be sure to study this young sire's offering. The balance of the offering will be as strong or stronger than it's ever been, featuring Connealy Craftsman, Myers Fair-N-Square, Mohnen Hollywood, Mohnen Trust Fund, and more.

More than half of the offering will carry the CAB Stamp on their pedigree. These cattle will certainly produce a high quality product. I believe that our consumers keep buying because they want this excellent eating experience.

You'll find an awesome set of 2 year old bulls again in this sale. It will be hard to find another set of two year old bulls anywhere to sell like these offered.

Registered bred heifers of high quality will be available, and the commercial open and commercial bred heifers from Bruner customers will again be offered. Some of the best you'll find.

You're working with an awesome family at Bruner Angus. They are very dedicated to their customers, and very passionate about the Angus breed. It's truly a family operation, where everyone has their role and helps each other.

If I can be of help, please don't hesitate to contact me at 701-721-0344.

Sincerely,
Vern Frey

Turn Out Bull Sale

Monday, June 2nd, Rugby Livestock

Mark your calendars: Bruner Angus Ranch will be holding our 9th Annual Turn Out Bull Sale on Monday, June 2nd at Rugby Livestock in Rugby, ND offering 40 yearling and 20 2-year-old bulls ready to work, and 50 replacement heifers. Look for more info this Spring!

Your guide to our genetics

All bulls have been Angus GS tested. These genomic-enhanced EPD results are listed with each lot number in the catalog. To assist in your selection, below is an explanation of each EPD that is listed with each bull.

ANGUS^{GS}

Powered by **NEOGEN**[®]

American Angus Association® Selection Tools

Expected Progeny Difference (EPD), is the prediction of how future progeny of each animal are expected to perform relative to the progeny of other animals listed in the database. EPDs are expressed in units of measure for the trait, plus or minus.

GROWTH

Calving Ease Direct (CED), is expressed as a difference in percentage of unassisted births, with a higher value indicating greater calving ease in first calf heifers. It predicts the average difference in ease with which a sire's calves will be born when he is bred to first-calf heifers.

Birth Weight EPD (BW), expressed in pounds, is a predictor of a sire's ability to transmit birth weight to his progeny compared to that of other sires.

Weaning Weight EPD (WW), expressed in pounds, is a predictor of a sire's ability to transmit weaning growth to his progeny compared to that of other sires.

Yearling Weight EPD (YW), expressed in pounds, is a predictor of a sire's ability to transmit yearling growth to his progeny compared to that of other sires.

Scrotal Circumference EPD (SC), expressed in centimeters, is a predictor of the difference in transmitting ability for scrotal size compared to that of other sires.

Docility (DOC), is expressed as a difference in yearling cattle temperament, with a higher value indicating more favorable docility. It predicts the average difference of progeny from a sire in comparison with another sire's calves.

CARCASS

The genetic evaluation produces a single set of EPDs for carcass weight, marbling score, Ribeye area and fat thickness. The units of measure are in carcass trait format and analyzed on an age-constant basis.

Marbling EPD (Marb), expressed as a fraction of the difference in USDA marbling score of a sire's progeny compared to progeny of other sires.

Ribeye Area EPD (RE), expressed in square inches, is a predictor of the difference in ribeye area of a sire's progeny compared to progeny of other sires.

MATERNAL

Maternal Milk EPD (Milk), is a predictor of a sire's genetic merit for milk and mothering ability as expressed in his daughters compared to daughters of other sires. In other words, it is that part of a calf's weaning weight attributed to milk and mothering ability.

\$VALUE INDEXES

\$Value indexes, are multi-trait selection indexes to assist beef producers by adding simplicity to genetic selection decisions. \$Values are reported in dollars per head, where a higher value is more favorable. The \$Value is an estimate of how future progeny of each sire are expected to perform, on average, compared to progeny of other sires in the database if the sires were randomly mated to cows and if calves were exposed to the same environment.

Maternal Weaned Calf Value (\$M), an index, expressed in dollars per head, predicts profitability differences from conception to weaning with the underlying breeding objective assuming that individuals retain their own replacement females within herd and sell the rest of the cull female and all male progeny as feeder calves. The model assumes commercial producers will replace 25% of their breeding females in the first generation and 20% of their breeding females in each subsequent generation. Traits included are as follows: calving ease direct, calving ease maternal, weaning weight, milk, heifer pregnancy, docility, mature cow weight, claw set and foot angle.

Weaned Calf Value (\$W), an index value expressed in dollars per head, is the expected average difference in future progeny performance for preweaning merit. \$W includes both revenue and cost adjustments associated with differences in birth weight, weaning direct growth, maternal milk, and mature cow size.

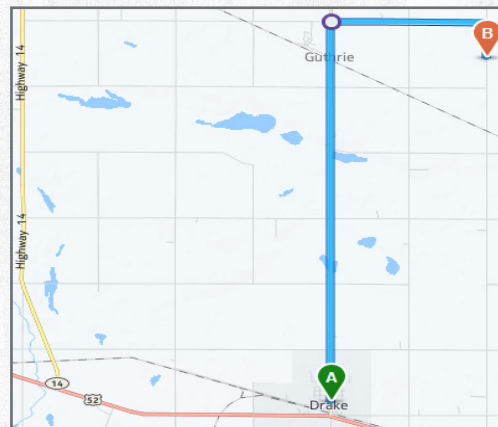

Beef Value (\$B), an index value expressed in dollars per head, is the expected average difference in future progeny performance for post-weaning and carcass value compared to progeny of other sires.

Combined Value (\$C), an index, expressed in dollars per head, which includes all traits that make up both Maternal Weaned Calf Value (\$M) and Beef Value (\$B) with the objective that commercial producers will replace 20% of their breeding females per year with replacement heifers retained within their own herd. The remaining cull heifer and steer progeny are then assumed to be sent to the feedlot where the producers retain ownership of those cattle and sell them on a quality-based carcass merit grid. Expected progeny differences (EPDs) directly influencing a combined index: calving ease direct (CED) and maternal (CEM), weaning weight (WW), yearling weight (YW), maternal milk (Milk), heifer pregnancy (HP), docility (DOC), mature cow weight (MW), foot angle (Angle), claw set (Claw), dry matter intake (DMI), marbling (Marb), carcass weight (CW), ribeye area (RE) and fat thickness (Fat).

Directions to the Sale

From Drake, ND:

- Head North on Lake St (CR-10) - 5.8 miles
- Take first Right after the railroad tracks to head East on 41st St NE—2 miles
- Turn Right on 12th Ave NE—0.5 miles
- Arrive at Bruner Angus Ranch, on Right

In case of train on tracks, go East on gravel road 1/4 mile before the tracks. Go East 1 mile, turn left and go North 1 mile, then turn right on 41st

Yearling Bulls

Lots 1 & 2 What a way to start the sale! Flush brothers sired by the highly anticipated first calf crop from Deep Creek Square Deal! Square Deal has exceeded our expectations in all aspects of an AI/ET sire and breeding bull in the pasture. His progeny, have extra rib dimension, are deep flanked, and have excellent foot and leg structure! Lots 1 & 2 certainly possess all of these traits with loads of individual performance. They have the #1 and #5 highest weaning weights in this entire yearling group! Square Deal is backed by three consecutive Pathfinder dams. We were so impressed with his mother when we saw her! She is a clean fronted, good footed, deep bodied cow, with a great udder.

The donor dam BAR Miss Success 9094 is the most powerfully constructed female on the ranch, and she passes that down to her offspring. 9094 was the highest weaning weighted heifer calf in 2019, had the high-selling bull in our 2022 "Turn Out" sale, and raised the heaviest weaning weighted natural born heifer calf of the 2024 calf crop. She is deep bodied, massive hipped, and has picture perfect udder quality. 9094 is a 2nd generation donor and has a weaning ratio of 4/109 and those 4 calves were had in a 361-day calving interval. We are excited about the future of these two great herd sires and put a great amount of confidence in what they can do for you!

Don't buy an imposter.

Not all "Angus" bulls are **REGISTERED** Angus bulls.

Buy with confidence that EVERY Bruner Angus bull is a registered Angus bull and backed by the American Angus Association. You'll find a registration number associated with each bull in this catalog and you can pull him up on the angus.org website to see more data behind him. Bruner Angus is Powered by Angus.

If you see this logo in conjunction with an individual animal or group of animals, you know that that animal is registered with the American Angus Association and backed by the power of **data**, **programs** and **pedigrees** of the Association.

Invest wisely in those that carry the **Powered By Angus** logo.

Look for the **REGISTRATION NUMBER**.

BAR Magnum 4131

Lot 3: BAR Magnum 4131 is the only Magnum son in the entire offering and what an awesome individual he is! We flushed our proven 11-year-old donor Miss Wix 348 of SAF to SAV Magnum and got an awesome set of 3 three heifer calves and a tremendous bull calf in 4131. He is above average framed, long-spined, and has a big, square hip on him. Boasting a big ADJ 205-day weight of 860 lbs. and is currently the heaviest yearling bull in the entire group! This bull has a great Angus head, is clean fronted, and is packed with performance.

Miss Wix 348 of SAF

Miss Wix 348 of SAF has produced many top-quality sons and daughters, including the lot 1 bull of the 2021 February Production sale, and a great show heifer for Rayna the summer of 2021 who is now a donor for us! 348 excels in udder quality, docility, and the unmeasurable traits like mothering ability, fertility, and longevity. 4131 has the performance and pedigree to take your operation to the next level.

Lot 4: BAR Pacific 4151 is a bull worth mentioning. He is an ET bull out of the top income producing cow and mother to BAR B-52, Miss Wix 125 of SAF! This bull will get noticed by anyone who is able to see him. A true powerhouse of a bull, who is the 2nd heaviest bull in this entire yearling group, he is above average framed, extremely deep ribbed, and stout! Look for 4151 to produce high-performing steers, and front pasture females!

5 BAR Relentless 4506

REG #: 21015576 Tag: H102 Calved: 03/04/24

Lot 5: BAR Relentless 4506 is the power bull of this lead off pen of bulls, sired by our resident herd sire Sitz Relentless 558J. This will be the largest sire group in this sale with 18 sons to choose from between the yearling and 2-year-old divisions. 4506 is backed by our staple donor Miss Wix 125 of SAF, the dam of BAR B-52 and many other past sale highlights! This great bull has an attractive profile, extra bone, stands on a big foot, and is stout from the ground up. Look for this bull to produce scale pounding progeny and the kind of replacement heifers you want to keep!

Lot 6: BAR Fair-N-Square 4043 is one of the elite calving ease bulls in the offering. We plan to collect this bull and use as the next generation calving ease sire at BAR. He has a herd bull presence about him! He will be the first of an impressive set of Myers Fair-N-Square M39 sons we have to offer this year. 4043 has a nice small Angus head, is clean fronted, and smooth shouldered, but has a tremendous amount of rib dimension and width in his back 2/3's. Weighing in at a modest 71 lbs. at birth and performing to an impressive 808 lbs. at weaning time, 4043 performed well above average! His dam by Casino Bomber has become a dependable producer averaging 4/91 on a birth ratio, and 4/102 on her weaning ratio. She has bred up first chance AI all 4 years in a row and is built for longevity. Her grandmother is Miss Wix 125 of SAF one of the most influential cows at Bruner Angus!

Lot 8: BAR Fair-N-Square 4141 is a phenotypic and genomic standout in this pen of Fair-N-Squares! He is athletic on the move and is easy to find when you walk in the pen. 4141 has great foot structure and has that extra length everyone likes to see! On paper, this bull excels with high WW & YW EPD's and a \$M of +82 and \$C of +322! Cattle that look the part on the hoof and excel in their genetic predictions are hard to find and we definitely have one here. 4141's Bomber dam is an above average framed cow, with excellent foot and udder structure. She has done a great job on her first 3 calves. 4141 will produce extra pay weight and daughters you will want to keep around!

The donor dam in this flush BAR Miss Acclaim 9118 has been a big-time producer! As a first calf heifer she produced BAR Commodore 1024, the heaviest 205-day bull in BAR history at 933 lbs. and \$14,500 high selling bull of our 2022 production sale. She has now had 4 natural calves with an average weaning ratio of 122 with a 378-day calving interval and at the same time being an excellent embryo producer! These bulls have the ability to improve any registered or commercial operation!

Lot 12 is an AI stud quality type of bull with the highest \$M of this entire sale at +103, a +1.29 marbling, and +327 \$C all while being impressive on a visual appraisal!

BAR Relentless 4064

Lot 17: BAR Relentless 4064 is the lead bull in a pen of bulls sired by Sitz Relentless 558J, our pick of the of the 2022 Sitz Angus spring production sale. Relentless was the highest performing Resilient son of that calf crop and has turned into a great addition to our herd bull battery. 4064 has as much depth and 3-dimensional rib shape as any bull in this offering! He carries himself well on the move and covers his tracks every step of the way. His mother has done a great job on her first 3 calves averaging a 112-weaning ratio. We will calve the first Relentless daughters this spring and they have a great momma cow look as bred heifers!

Lot 20: BAR Trust Fund 4508 is the first of a nice set of bulls this year by another great bull in our herd bull battery, Mohnen Trust Fund 6030. 4508 is a full brother to the 4th high selling bull in last years sale for \$15,000. He is an exact replica of that bull from last year: big, stout, above average frame, with tremendous length! The donor dam 7075 excels in production traits like fleshing ability, great mothering ability, and milk production. The greatest part of 7075 is her easy-going attitude! She is the kind of cow that makes ranching fun. We are excited to see what this bull can do for his new owners!

is a full brother to the 4th high selling bull in last years sale for \$15,000. He is an exact replica of that bull from last year: big, stout, above average frame, with tremendous length! The donor dam 7075 excels in production traits like fleshing ability, great mothering ability, and milk production. The greatest part of 7075 is her easy-going attitude! She is the kind of cow that makes ranching fun. We are excited to see what this bull can do for his new owners!

BAR Trust Fund 4052

Lot 22: BAR Trust Fund 4052 is a high performing individual that holds the highest weaning weight among all natural born calves in this sale at 860 lbs.

His individual performance and growth EPD's certainly match with a +102 WW and +163 YW that are in the top 1% and 3% respectively. 4052 is out of a great young first calf heifer that knocked it out of the park with this bull! She is the type of young cow we are trying to replicate, with a quiet demeanor, a great udder, and that extra depth and thickness she passed on to her calf. Trust Fund has been used with great success in our own herd and our customers herds as a go to calving ease bull with as much performance as any performance sire we have used.

Lot 29: BAR Thedford 4078 will be a sale highlight and could easily have been a bull sold in the top 5 lots in this sale! He will be the lead off bull in the first pen of Hoffman Thedford sons. These bulls all excel in individual performance and great length of body. 4078 is out of an impressive first calf heifer and after seeing him on the hoof and on paper he is a bull that can make a difference in any operation. He has 13 EPD's in the top 5% or higher of the Angus breed! Most impressive are his WW and YW EPD's both in the top 1% of the breed. He also has the 2nd highest \$C value in this sale at +332. Genomically and phenotypically this bull is in a league of his own and should be on everyone's list.

Lot 34: BAR Bandit 4161 is a highlight calving ease bull in this sale! This is one of Travis's favorite heifer bulls in this sale. His phenotype is 2nd to none, has a great Angus head, and is built for longevity! His dam has done a nice job, and is a big-barreled, wide-pinned cow that raised a B-52 son that was a sale highlight in our 2022 sale!

BAR Iconic 3463

Lot 72: BAR Iconic 3463 will lead off an awesome set of coming 2-year-old bulls this year. We are very proud of these 2-year-old bulls, because it shows the depth in both our cow herd and bull battery we have put together.

Each year, like the yearling bulls, they have been improving and getting better. 3463 is an ET bull that carries the CAB stamp, has a +1.12 marbling, has the highest adjusted 205-day weight in this entire sale at 906 lbs., and is one of the stoutest bulls in this entire 2-year-old group! He is a big scrotal bull, has an extreme amount of depth, and is the heaviest bull in the pen as of our last weight check! Look for this bull to make sons and daughters that improve carcass qualities without sacrificing anything down the line.

BAR No Doubt 3347

Lot 73: BAR No Doubt 3347 is one of the elite power bulls in this auction! This bull has so much length and width and it shows when he steps on the scale. The No Doubt progeny have always performed well and been high customer satisfaction cattle. We do not expect this to be any different with this one. He is a big ribeye bull and growth EPD's in the top 15% and 20% of the breed. The dam in this pedigree is a great example of your typical Impression daughter: deep bodied, level hiped, and just produces big powerful calves! She is a natural daughter of one of our first donors ever at the BAR.

He is a big ribeye bull and growth EPD's in the top 15% and 20% of the breed. The dam in this pedigree is a great example of your typical Impression daughter: deep bodied, level hiped, and just produces big powerful calves! She is a natural daughter of one of our first donors ever at the BAR.

BAR Scale House 3252

Lot 74: BAR Scale House 3252 is another performance bull by the proven sire SAV Scale House 0845. This will be the 3rd year in a row we have had some Scale House progeny. They are always mild-mannered, easy-going cattle, with extra thickness! 3252 is a full brother to the high-selling bull in last years June "Turn Out" bull sale selling for \$10,000. This bull stands on a great set of feet, and has just the right amount of heel depth. One of the best parts about 3252 is his donor dam Miss Wix 125 of SAF. She is a cow we think a lot of, being the #1 income earning cow in our history. We have 32 direct daughters working in our herd spread over multiple generations. Looking at her progeny records over the last 13 years we have registered 114 total animals out of 125!

Two-Year-Old Bulls

Lots 76 & 77 are full brothers sired by Mohnen Trust Fund 6030 out of BAR Miss Traction 7075. They are also full brothers to lot 20 in the yearling division and the 4th high selling bull from last year's sale! This mating worked with a tremendous amount of consistency. These bulls are above average frame, long-spined, and are super easy to handle. They were both born at modest birth weights and have performed near the top of their contemporary group at every check along the way. This would be a great set of full brothers to turn out together on a big set of cows or heifers!

BAR Commodore 3405

Lot 78: BAR Commodore 3405 is the natural calf from the Traction donor to lots 76 & 77. Sired by the high selling bull from our 2022 production sale BAR Commodore 1024. This bull is big-boned, big-footed, and super quiet. This is a great combination of a couple of our best donors on the ranch and the results are just what we hope for! Expect big heavy steers and replacement heifers you will be proud to show off out of this great bull.

Lot 81: BAR Stellar 3318 is the only Sitz Stellar son we will have in this offering. 3318 is an ET bull out of the MOGCK Elba 1567 donor who was our pick of the Enhance bred heifers from Mogck's in 2019. This bull is solid from front to back and the ground up. He is a great footed bull and that matches his claw and angle EPD's that are in the top 4% and 5% of the Angus breed, respectively. He is a big spread bull with WW and YW EPD's both in the top 10% of the breed. Sitz Stellar has made name for himself as one of the premier female makers and we expect nothing less from this son!

Don't just hope for the best.
Plan for it.

Two Year-Old Bulls

Lots 82-85 are all sons of Sitz Relentless 558J. This gives you a chance to see this sire group as older bulls and we think you will be impressed. They are big, long, stretchy made bulls that are super athletic and will be sure to cover extra cows. Relentless did a great job for us this year and you will have 18 sons in this sale to choose from between the yearling and 2-year-old division.

Lot 92: BAR Circuit Breaker 3363 is an outstanding 2-year-old calving ease bull. He was born at a modest 74 lbs. and has a +10 CED. This bull would be a great option for someone looking for a bull to cover a set of replacement heifers that may be just a few too many for a yearling. When you study this bull on hoof you will find that he stands on a great set of feet and legs, is wide topped, and full of meat and muscle. His mother has proven herself as a low birth, above average growth cow with a 6/98 birth ratio and a 6/102 weaning ratio with those 6 calves coming in a 370-day calving interval. These are the kind of cows that make your operation money!

Bred Heifers

114 BAR Miss Raindance 3303

REG #: 20734038 Tag: 9044 Calved: 03/31/23

Bred to: BAR Guarantee 2010 Due: 03/28/2025 Calf: H

Lot 114: BAR Miss Raindance 3303 will lead off an awesome group of registered bred heifers! We are very proud of the quality through this entire group of heifers. We based the catalog order primarily off the order of when they are due to calve. The only reason these heifers are in the sale is they are calving out of our window for our first calf heifers. 3303 has been a favorite by everyone at the ranch all fall/winter. Deep-bodied, wide-pinned, strong-topped, and super clean fronted! She has awesome structure, great feet, and is excellent on the move. She is sired by Mohnen Raindance 1599, who has been a great breeding bull for us, we have retained multiple daughters from him back in our herd and they are very profitable! Do not miss this heifer sale day.

Lot 115: BAR Miss Wix 3005 will be one of those heifers that we should probably not be selling! First off, look at the pedigree - she is a granddaughter of Miss Wix 125 of SAF, the mother of B-52. A big out-line heifer, with adequate depth, and tons of length! She is the highest \$C animal in this entire sale at a +345! She has 12 EPD's in the top 10% of the breed or higher. Bred to BAR King Air 1049, due 4/2/2025, with a heifer calf in her. This heifer has the pedigree and genomics to put her in someone's donor pen in the future!

Lot 117: BAR Miss B-52 3052 is a direct daughter of our high selling bull from our 2020 Production sale BAR B-52. Here is one of the higher adjusted 205-day weight heifers in the sale out of a cow that is doing a nice job - 7 calves at 104 average weaning ratio! This heifer will be good-uddered, above average framed, with extra length of body. She is bred to calve 4/2/2025 carrying a heifer calf.

Bred Heifers

Lot 126: BAR Miss Trust Fund 3471 is an ET heifer that is a full sister to the 4th high selling bull in last year's sale and lots 20, 76 & 77 in this year's sale. The donor cow here has put many replacements back into our cow herd, where she excels in high performing progeny that are always high docility cattle. The proof is in the pedigree here right from the heart of our ET replacement heifers. She is a wedge shaped, elegant fronted heifer, with a bright future. She is bred to BAR Guarantee 2010 due 4/01/2025.

BAR Miss Savvy 3115

Lot 136: BAR Miss Savvy 3115 is a heifer that carries the CAB stamp, and is phenotypically one of the most attractive heifers in this sale! She is pretty fronted, and carry's her depth all the way down her rear quarter. The Savvy heifers we have retained have been great mothers and excellent in udder quality! 3115 is a maternal sister to lot 34 yearling bull who will be a highlight calving ease bull in this sale.

Lot 150: BAR Josie 3506 is the performance leader in this group of bred heifers! The heaviest weaning weighted heifer in the entire sale and the whole heifer calf crop of 2023 at BAR! She is a big framed, stout, young cow with lots of length. She is an ET heifer sired by BAR Explosive the high selling 2-year-old bull from 2021 selling to Mohnen Angus of White Lake, SD. Explosive has proven to compete with any of the top performing AI sires in the Angus breed for pounds at weaning and overall true performance. This heifer demonstrates exactly that. Bred to our new herd sire Mohnen Ambassador 113 who was the lot 2 sale feature bull of their 2024 sale.

BAR Lena 3395

Lot 151: BAR Lena 3395 is another heifer right off the top of the ET calves sired by Myers Fair-N-Square M39 out of our 9094 donor who is also the donor dam of the lots 1 & 2 bulls of this sale! She carries the CAB stamp, is so broody, deep bodied, and good on the move! Heifers like her hurt to let go, but cannot wait to see what she can do for her new owner. Bred later than we would like, but could be a heifer to go into a late spring calving herd or even move into a fall calving herd. 3395 has the highest WW and YW EPD's out of this entire group of bred heifers being in the top 1% and 4% of the Angus breed. We believe this heifer has the looks and pedigree to be something special. Bred to our new herd sire Mohnen Ambassador 113 who was the lot 2 sale feature bull of their 2024 sale. Check her out sale day you will not be disappointed.

Dockter-Jensen Ranch, Denhoff, ND *Kerry & Brenda Dockter* *Kyle & Kristi Jensen*

Kerry H: 701-884-2754 C: 701-220-7941

Kyle: 701-848-6443

29 Black Angus Commercial Replacement Heifers

The Dockter-Jensen Ranch is providing a great set of commercial open Angus replacement heifers again this year. There will be 29 heifers in this group that are end of March and April born calves. Kerry and Kyle have always put extra culling pressure on performance and docility in their cow herd. Through years of excellent record keeping and measuring real life profitable traits, this group of heifers on October 17th had an average weight of 616 lbs. and an average weaning ratio of 103 against their entire herd! The steer mates to these heifers last year were finished at a feedlot in Iowa with excellent results. They converted 5.9 pounds of feed/pound of gain with an ADG of 3.8 lbs. through the entire feeding period. That group of steers graded 9% Select, 68% Choice, 22% CAB, and 1% Prime. This proves the carcass quality and performance in this great herd! Kerry and Kyle have always bought bulls off of the very top of our sales. A couple of the sires of these heifers purchased in 2021/2022 are: BAR Unanimous - \$7,500, BAR Big Money 1252 - \$8,500, and BAR Supercharger 0045 - \$8,000. These heifers have had 4 rounds of shots: birth, branding, preconditioning (October), and the end of November. They have been bangs vaccinated, been poured with Clean-up, dewormed with Synanthic, had their pre-breeding shot, and been checked open and breedable. These heifers have a reputation of becoming excellent cows!

Ryan & Stacy Bruner, Drake, ND Ryan: 701-626-2199

32 F1 Black Baldy Commercial Replacement Heifers

Ryan and Stacy Bruner are selling 32 high performing F1 black baldie commercial open replacement heifers this year. These heifers are performance driven and will add pounds to their calf crop. Ryan has always purchased some of the highest performing bulls and bred heifers from our production sales. These heifers are proof of that focus. The steer mates to these heifers weighed 650 lbs. the first week in November off of the cow. When pounds pay these heifers need to be heavily considered! This will be a great opportunity to get the benefits of both the Angus and Hereford genetics. These heifers are bangs vaccinated, have been poured with Clean-Up, are dewormed, have been checked open and breedable, and have been reproductive tract scored. They are on a full mineral program and all of the Angus genetics here are sired by Bruner Angus bulls, so buy with confidence.

Consigned Heifers

Top bidder takes choice of 5 or more, gate cut, numerical order

Luke & Jacy Peterson, Kief, ND

Luke: 701-400-2221

17 F1 Black Baldy Commercial Replacement Heifers

Luke and Jacy Peterson will be offering a group of 17 open F1 baldie heifers that are heavily influenced by the Bruner Angus program. These March-April born heifers have been pail fed and handled daily since weaning the beginning of November and have a calm easy-going demeanor. The Peterson's focus on moderate sized cattle that have the feet, udder, and temperament to perform well on any operation. These open heifers have been dewormed, poured with cleanup, bangs vaccinated, first round of pre-breeding shots, and had their pelvis and reproductive tract checked.

16 F1 Black Baldy Commercial Bred Heifers

New this year Luke and Jacy Peterson will also be offering a group of 16 home raised bred F1 baldie heifers that are heavily influenced by the Bruner Angus program. They are bred to Bar Trust Fund 3291 and BAR Circuit Breaker 1202 with ultrasound due dates from March 28 - April 18th. They have calm and easy-going demeanor as they have been pail fed and handled daily over the winter as calves and again as bred heifers. The Peterson's focus on moderate sized cattle that have the feet, udder, and temperament to perform well on any operation. These bred heifers have had all the vaccines as recommended by the Sheridan Animal Hospital and recently received both rounds of scour vaccines, dewormer, and cleanup pour-on.

Mike & Marsha, Jim & Kim Rott

Anamoose, ND

Mike: 701-693-5956 Jim: 701-625-1026

10 Black Angus Commercial Bred Heifers

Mike and Jim Rott for the 3rd year have a select group of 10 commercial Angus bred heifers to sell. These heifers have been a crowd favorite in years past, and have every ingredient to do so again this year. Rott's have always invested and purchased some of the very best bulls from Bruner Angus, and these heifers are a true testament to that commitment. The sires of these heifers include BAR Believe, BAR Appearance, BAR Success, and BAR No Doubt. They are bred to BAR Revelation 2068 the \$8,500 lot 3 bull from the 2023 sale, who was a phenotypic standout in the entire offering. The calves born from him are long, smooth, and come easy. Their vaccinations are up-to-date including 7-way Vision, Vira-shield 6 + VL5, and poured with Clean-Up. They were ultra sounded and will calve April 23-May 30. These heifers will weigh 1200-1250 lbs. Be sure to check out this high performing set of bred heifer's sale day!

Consigned Heifers

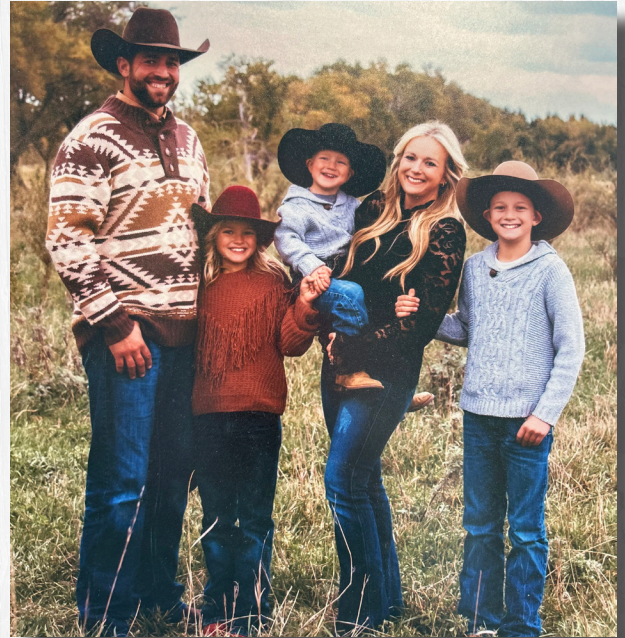

Top bidder takes choice of 5 or more, gate cut, numerical order

Chris & Annie Arnold, Denhoff, ND

Chris: 701-260-4065

12 Black Angus Commercial Bred Heifers

Chris and Annie Arnold who are also 3rd year returning consignors, will be offering 12 commercial Angus bred heifers this year. These heifers are a very uniform group and are all home-raised from the Arnold Ranch and Dockter Land & Cattle. These heifers are on a full shot and mineral program. They have been dewormed, poured, and have had 2 rounds of Guardian scour vaccine. They have been ultra sounded and are all confirmed AI bred due 4/1/25 to BAR Reveal the high selling \$17,000 Lot 1 bull from the 2023 Bruner Angus February Sale. The consistency in this group of heifers is impressive, and they will make a great addition to anyone's herd.

Reimche Land & Cattle

Martin, ND

**Jess & Sarah Reimche
Eric & Kacie Reimche**

Jess: 701-693-6080 Eric: 701-693-5339

18 SimAngus Commercial Bred Heifers

Reimche Land & Cattle will once again be bringing an outstanding set of top-cut bred heifers to the sale. This group of 18 SimAngus bred heifers are all home raised and come from some of the top genetics in the Simmental and Angus breeds. To top this off, they are either AI'd or pasture bred to BAR Reveal, who was the \$17,000 Lot 1 high selling bull at the 2023 Bruner Angus Ranch sale. The BAR Reveal calves have been tremendous, performing beyond expectations from birth to the feedlot. It will be exciting to watch his daughters develop in the replacement pen. These heifers were ultra sounded on August 9th by Sheridan Animal Hospital and are guaranteed bred. All heifers were synchronized and time AI'd to BAR Reveal on May 25th, then exposed to BAR Reveal. The three lead off heifers in the sale will be BWF, followed by 15 solid black heifers listed numerically by due date. Lots 1-10 are all confirmed AI'd with a due date of 3/4/25 and lots 11-18 will calve 3/9/25-3/26/25. The heifers have been on Hubbard Blueprint mineral since birth. They received three rounds of modified live vaccines as calves, have been Bangs vaccinated, and received Vira Shield 6+ VL5, two rounds of Guardian scour vaccine, and poured with Clean Up II. This well-managed set of bred heifers will be sure to satisfy!

Consigned Heifers

Bryan & Sonya Miller, Bismarck, ND

Bryan: 701-391-8614 Sonya: 701-391-1796

10 Registered Black Angus Heifers and 2 Purebred Black Angus Bred Heifers

This is the 2nd year that Bryan and Sonya are consigning in the bred heifer division. They have added many high end registered bred heifers to their herd from Bruner Angus over the last several years. These bred heifers will sell individually in this sale. This ranch is becoming known around the area for the great care given to their cattle on a daily basis. It is a priority to have high quality feed, minerals and water for every animal. These heifers have had Spirovac VL5 (lepto), Cattle Master Gold FP5, Long Range Injectable and poured with Clean-Up. They will be poured again in February with Clean-Up 2 and the first shot of Scour Gard 9 was given in January and Scour Boss 4 was done in February.

Bryan and Sonya are passionate about improving the genetics in their herd every year. They welcome all to come and visit and tour their operation. Give them a call as they are both still working other full-time jobs with Bryan owning his utility contracting company and Sonya in year 38 of teaching.

BAR Mission

At Bruner Angus Ranch, our mission is to produce quality seedstock for the purebred and commercial cattlemen that will add consistency, longevity and maternal strength to their operation. We also strive to give each one of our customers a genuine, trustworthy experience when working with our family, and our cattle.

Thank you, for supporting our operation and allowing us to do what we love, and for being part of our BAR Family!

BAR Commitment

- Free Delivery
- Free Keep of Bulls
- Fully Guaranteed
- 4th Generation, Family Run Operation
- Committed to Quality
- Diverse Offering
 - Yearling Bulls
