A Half Century of Powerful Registered Angus Genetics!

In this day and age of DNA, EPDs, and \$Values—tools we use in all our breeding decisions—we remain guided by the traits we see every day. Between Billy and myself, we bring over 80 years of experience breeding registered Angus cattle, and that experience matters. It allows us to confidently tell our customers that these daughters will excel in performance, possess strong feet, display excellent udders, and offer tremendous longevity. A pedigree is more than just what's written on paper—it's the program and experience behind it.
