We would like to welcome everyone to our 2025 annual production sale. This is our second online only sale using Bill Pelton as host. We feel that this venue fits our operation with the reduced cattle numbers. We hope that you are able to join us for the closing on March 27, 2025.

We continue to marvel at the adaptability of the Gelbvieh cow and how she can raise an awesome calf and rebreed under our extreme conditions. When researching the Dams of this sale offering, time and time again we see every offspring has been kept as either a bull or a replacement heifer. When she's a good one, she stays in the herd and keeps producing.

Once again, the bulls were hand fed here at the ranch. They are much quieter and easier to work with this constant interaction. They reached the 3 pound gain target and look good. There were a couple of weeks in January and then again in February where they just held their own with the bitter cold we experienced.

Every animal in the sale has been parent verified to both Sire and Dam and has current genomic enhanced EPDs listed. All purebred animals have been tested for polled and black animals have been tested for color. We always welcome more data on our cattle but are mindful that the cattle have to work in our environment and be profitable to keep us in business. In turn we can supply genetics to you that will keep you in business.

We are excited about the power exhibited by the sale offering this year. Thirty percent of the bulls weighed over 800 pounds off the cow. There has been a noticeable EPD increase in WW, YW and REA. This year we also kept a few higher birth weighted bulls as we have been encouraged to do. We would recommend that you mark these as cow bulls.

The cattle are here at the house and we encourage you to visit if possible. There are pictures, videos and all the data on line at www.kickinghorseranch.com and www.BillPelton.com.

As always, we appreciate the continual support of our repeat buyers and encourage new buyers to contact us with any questions.

Sincerely,

Jim & Kathy

Prebidding opens March 25th, Final Bidding starts @ 1:00 PM Mountain March 27th

ONLINE INTERNET AUCTION BY PELTON LIVESTOCK
[HTTPS://BID.BILLPELTON.COM/](https://bid.billpelton.com/)

HOW THIS SALE CLOSE WORKS

The Kicking Horse Ranch online auction will close with horse race style bidding or extended bidding. This means that when the online auction event comes to its scheduled end time there will be 5 more minutes of extended bidding. If bidding continues the sale will stay open until there is a 5-minute stretch with no bidding on any lot. Once there is a full 5 minutes with no bidding on any lot, the whole event will close.

This auction is scheduled to close at 1pm on March 27th.

- Example 1: The auction closes at 1pm and goes into extended bidding. If there are no bids on any lot between 1pm and 1:05pm. The whole sale is declared closed at 1:05pm.
- Example 2: The Auction is scheduled to close at 1pm and goes into extended bidding. There is a bid on a lot at 1:02pm. Every lot remains open to bids. If there are no bids on any lot by 1:07, the whole sale is declared closed at 1:07pm.
- Example 3: The Auction is scheduled to close at 1pm and goes into extended bidding. There is a bid on a lot at 1:02pm. Every lot remains open to bids. Another bid is placed at 1:06. Every lot re-

mains open. Another bid is placed at 1:10. Every lot remains open. If there are no bids on any lot by 1:15, the whole auction is declared closed at 1:15pm.

You may use the maximum bidding feature throughout the extended bidding. A maximum bid will automatically increase your bid when someone else bids on this lot up to your set maximum.

If you are the highest bidder, or want to be, and the auction is coming to a close keep an eye on your Watchlist. During the bidding process you will not need to refresh your page to ensure you are viewing the most current bidding activity. The auction platform auto-refreshes the page, and the bidding is in real time.

Creating an Account with Pelton Livestock Online Auctions
