Welcome to our 2024 Production Sale!

What a year we have had at KSR! Good timely rain, trips to Michigan, daily to-do lists, a warm winter (so far), and a wedding on the ranch to top it off! We have had a year full of great memories within our family and hope you have as well.

Over 40 years ago, we started this endeavor to raise Simmental cattle for the average producer that performed on a maternal as well as on a carcass standpoint. We are proud to offer another set of functional cattle that fits this standard. We have over 70 lots that have proven they will adapt to any operation and environment. These calves were born in one of the worst winters we have ever experienced, we are convinced if they can make it through that they can succeed in any situation.

This set is one of the most consistent groups we have ever offered. They are sound, stylish, and stout. We are excited to offer progeny from great sires like Epic, Gentry, Copperhead, and so much more! Need a herd sire, a heifer bull, or are you looking to build upon your females? We have a lot for you!

As another year has come and gone, the thing that stays the same is our gratitude and appreciation for all the customers who trust our program. All sale lots will be available for viewing at our open house on Saturday, January 27, and Sunday, January 28 from 11 a.m. to 4 p.m. Food and refreshments will be provided, and we promise you won't want to miss out on Darcy's Knoephla Soup! If you are unable to attend, please take a moment to view all sale videos through DVAuction.

As always feel free to reach out at any time, we would love to help you accomplish your production goals. We truly value your time and interest in our program!
