MONDAY, FEB. 10, 2025

1:00 PM - AT THE RANCH
3 miles south, ½ mile east of Dante, SD

Selling
152 YEARLING BULLS
15 AGED BULLS
THE PICK OF 2024 HEIFER CROP
40 Commercial Heifers

KOUPAL'S B & B ANGUS & Family

We would like to welcome you to our 48th Annual Bull sale. It is with great pleasure that we bring you this set of bulls that we feel are the top cut of the 2024 calf crop. The quality from top to bottom is very uniform. Our goal here at Koupals B&B Angus is to breed functional, practical cattle to keep the commercial cow man in business. Cattle that can thrive in a practical environment with different management levels.

**Functional,
practical
ANGUS cattle
that keep
commercial
cattlemen in
business...**

We are still very focused on the maternal side of the seedstock business as this seems to be the part that keeps us in business. As we look back, the bulls with optimum performance and carcass quality are still the ones that seem to come to the top as we concentrate on cow fertility and functionality. With any extremes you have to wonder if your investments can withstand the resources, environment, and management to breed for maximum performance and carcass merit. Many of the bulls we see in high demand soon fall after a few years once the daughters come into production. We have started to increase our ET program focusing more on high fertility and productive cows, not just numbers.

This year after much thought and discussion, two of our sons, Dan & Joey and families, have decided to branch off and have their own sale about 120 west of us. It was a tough decision but in the long run, feel it was a perfect time for them while they are young and just building their own herds. They are in the heart of cattle country and have a lot of connections out where they live. We are still working back and forth and using the same breeding philosophy.

If you have any questions, please feel free to contact one of us. Stop on over and take a look at the bulls. We always enjoy visiting with each of you.

SALE BOOKS AND SALE DAY ORDER:

All bulls are listed according to sire groups. Sale order will be available sale day.

BUYERS UNABLE TO ATTEND THE SALE:

Koupals B&B Angus will be using DV Auction via the internet. If you have DSL (fast speed internet), you will be able to log on and watch the sale and bid. You will need to register a couple of days before the sale. Just go to www.dvauction.com. We recommend watching a different sale ahead of time. We think this will be especially nice if you have been here to look at the bulls ahead of time and are unable to make the sale. Koupals will still have a telephone for bidding for your convenience.

TRANSPORTATION: Upon request, we will provide transportation from the Sioux Falls airport for anyone flying in. Private planes may land at the Wagner Municipal airport. We will pick you up, just call.

SALE LOCATION ADDRESS:

40050 303rd St. Dante, SD 57329

ACCOMMODATIONS: The following motels are located in the Wagner area for your convenience. The Ft Randall Inn, Pickstown, SD (605) 487-7801, the Lakeside Motel, Wagner, SD (605) 384-5464, or the Blahagio, Dante, SD (605) 491-0461 or check it out on Air bnb or VRBO!. When making reservations tell them you are with the Koupal Angus bull sale and receive a 10% discount. There is also the Fort Randall Casino, Pickstown, SD at (800) 362-6333. You may call Bernie at (605) 384-3481 or one of the other gals Kristi or Kim and they will be happy to help you with your reservations.

TERMS AND CONDITIONS: Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf)

HERD HEALTH AND REGISTRATIONS:

All bulls will have been inspected by our licensed vets at Northwest Vet located at Parkston and Wagner. All vaccinations that are required are given to the bulls along with a hoof rot shot. All bulls have been bled for Brucellosis and are BVD free. They will be semen tested, guaranteed breeders and all health papers will be ordered for all bulls to be shipped anywhere in the United States. All registrations and transfers of the bulls will be taken care of by the Koupals.

DELIVERY: Free delivery on all bulls selling for \$3,000 or more within a 300-mile radius, after 300 miles at cost. When delivering bulls, we may deliver to a central location spot such as vet clinics, sale barns or ranch that has agreed to be a drop off point. We ask in advance for your cooperation.

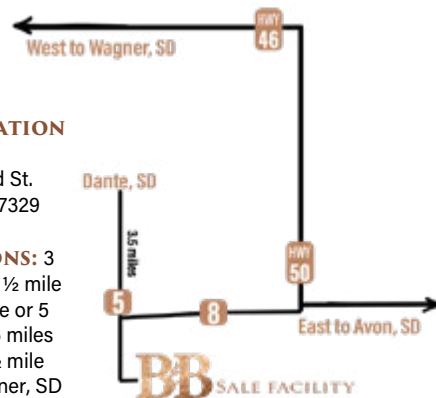

BOARDING: Save \$50 per head by taking the bull home sale day. We will start delivering shortly after March 1st. If you choose not to have them delivered, a \$2 per day boarding fee will be charged and you can pick them up by April 1st. Please tell the girls clerking if you are leaving them or want them delivered. All bulls left at the ranch do so at the buyer's risk. We suggest you buy mortality insurance if leaving the bull at Koupal Angus.

RETAINING INTEREST: KOUPAL ANGUS IS RETAINING A ONE-THIRD REVENUE SHARING SEMEN INTEREST IN EVERY BULL SELLING IN THIS SALE UNLESS STATED OTHERWISE FROM THE BLOCK. FULL POSSESSION AND FULL SALVAGE SELLS ON ALL BULLS UNLESS INDICATED FROM THE BLOCK SALE DAY.

SALE LOCATION ADDRESS:

40050 303rd St.
Dante, SD 57329

DIRECTIONS: 3 miles south, ½ mile east of Dante or 5 miles east, 6 miles south and ½ mile east of Wagner, SD

VOLUME DISCOUNT: The purchase of 5 or more bulls by a single buyer will earn a 5% discount.

INSURANCE: An Insurance Representative will be on hand to answer any questions you have on mortality and breeding injury insurance. Mortality and breeding insurance will be available sale day and two representatives will be on hand to explain and handle your needs.

GUARANTEE: We guarantee all bulls to be sound and fertile, but reserve the right to test any animal that is returned to the farm as a non-breeder for 90 days before making an adjustment. All bulls selling for \$3,000 or more will be covered at 50% minus \$1,500 (salvage price at sale) if they have a breeding injury during their first breeding season. In the event of an adjustment, a replacement of equal value or credit on the purchase of another animal will be made. Breeding season is defined as the 90-day period following the first turnout of the bull. Please notify us as soon as possible if an injury does occur and prior to the injured bull being sold. All bulls need to be diagnosed by a veterinarian and claims made before September 1st. This is not an insurance policy nor does it cover neglect or mismanagement. Credit will not be issued on bulls that are purchased on credit.

LIABILITY: All buyers attending the bull sale do so at their own risk. Koupal Angus assumes no liability for accidents or property loss that may occur.

PERFORMANCE DATA: Current EPDs are available on each lot in addition to birth weight, 205-day weight and 365-day adjusted weight. Fertility test, scrotal measurements and ultrasound carcass data are all included in the sale book.

HOSPITALITY: Donuts and coffee in the morning. A complimentary lunch will be served at 11 a.m.

For inclement weather or postponement, listen to WMAX 570.

ANGUS MEDIA: Visit the Angus Journal web site, www.angus.media and view this sale book online. References: American Angus Association, AHIR, AngusSource, CAB, Pathfinder. EPDs contained in the hard copy of this sale book were current as of print date. Digital versions of this sale book can be viewed online at www.angus.org or DVAuction.com.

His mom had a bad hip so I drafted him onto a heifer at birth. He didn't have creep feed. He was a little behind at weaning, but he is coming on strong now.

**EASING THE
 TRANSITION
 FROM MOM
 TO BUNK**

These calves are raised in different groups, some as much as 70 miles away. When calves are weaned "with any group" they are hauled home and weighed sometimes sitting as much as 6 or 7 hours. The calves that were creep fed were only fed two to three weeks of creep. The calves out of the 1st & 2nd calvers were creep fed but ate very little. We do not creep them to show big weaning weights, but just so they will adjust and have a smooth transition from mom to the bunk. The ADG may seem a little high but the start weight is the shrunk weaning weight.

THOUGHTS ABOUT CALVING EASE:

Angus bulls have long been known for their paramount calving ease. If you are breeding heifers, Angus is the go-to breed of choice. But what about the so-called "big" birth weight Angus bulls – where do they fit in? The vast majority of mature cows calve unassisted – it is rare for a mature cow to need assistance, except for abnormal deliveries

(backwards, breech, twins, etc.). Data reported to the AAA shows that 99% of Angus cows, second calf or beyond, calve unassisted and only 1% need some type of assistance (abnormal deliveries excluded from this data). Back to the question at hand: where do the "big" birth weight Angus bulls fit in? Example: If you have a bull with a Birth EPD of +5,

he would be 3.2 pounds heavier than the average (breed average BW EPD 1.8) (5-1.8=3.2 pounds difference). However, his superior growth EPDs mean he will wean bigger calves and put way more money in your pocket than the average Angus bull! The moral of the story: If you are breeding mature cows to an Angus bull, do not make birth weight be your focus.

Dam is easy fleshing.

COMBINED \$VALUE (\$C)

This relatively new index provided by the American Angus Association attempts to characterize cattle by combining maternal (\$M) and terminal traits (\$B) into one index. \$C is heavily weighted towards the "terminal" traits found in \$B, and \$C has a .95 correlation to \$B.

As a review of \$B, it is a terminal index, comprising of the traits YW, DMI (Dry Matter Intake), Marbling, CW (Carcass Weight), RE (Ribeye), and Fat. \$B is designed for herds that send all of their calves (male and female) to the feedyard, retain ownership, and hang them on a quality-based carcass-merit grid.

If you ever have questions about this information provided, please call Bud @ 605-491-2102. Our success depends upon your success, and we are committed to helping you select the best genetics to fit your needs.

57	0.13	1.01	14.4	1.9	82	244

Double digit, calving ease bull out of 10-year-old cow.

The 5 L's of PROFITABILITY in the cattle business:

LIVE CALVES: Having a live calf on the ground is the number one starting point for any profit for the cattleman. We have all seen cows that are too big or too small, but we have never seen a cow that is too fertile. Fertility is not negotiable. It is one trait you can't get too much of. Cows that don't breed back can't produce a calf.

LOW MAINTENANCE should also be high on the list. An animal that is easy fleshing, moderate framed, and thrifty will keep more money in your bank account. Most cattlemen will agree that the cost of feed dips into the profit more than anything else.

LOVELY UDDERS with small and well-spaced teats, adequate milk and strong support are necessary for a trouble-free experience for a newborn calf. A newborn's first drink of colostrum is the most important drink that calf will have. An udder that is full of mud from hanging too low or has balloon teats will discourage them from nursing. Choosing the right herd sire for replacement females is very important.

LONGEVITY is a must. Mother cows must continue doing everything right year after year. A cattleman cannot afford to turn his mother cows over every 3 or 4 years. That old cow that has raised a calf for 10 years even though it isn't the heaviest weaning is more profitable than the cow that raises a heavier calf but doesn't breed back on time or comes up empty and has to be replaced every two years. His factory is not efficient.

LIMIT INCONSISTENCY. By stacking generations of the same kind of balanced and predictable genetics, you have a pretty good idea what that cow will produce. The present EPD system which is a valuable tool when used with other information doesn't have the ability to create cattle that are uniform and consistent phenotypically. Cattle with the same EPDs can look very diverse in conformation, type and structure.

Dam is very nice-looking cow. Same cow family as Identity. Nice udder.

COMMERCIAL FEEDER CALF

Marketing

Reputation feeder cattle are no accident. Information adds value. Today, buyers have access to more Angus cattle and generic "black" calves than any other type. Amid the marketing claims and hype, buyers are most likely to focus on cattle that add value to the best-known Angus genetics.

Ownership transfers vary from traditional auction markets to direct sales to cattle feeders or feedlots. With several outlets for marketing your calf crop, documentation of the value you've added is key. Regardless of how and when you intend to sell, tools and strategies for capturing a higher price are available. Information adds value.

Cattlemen who raise Angus-type calves with detailed records that document no implants, antibiotics or animal-derived feeds used in production and still meet all brand specifications can qualify for Certified Angus Beef[®] (CAB[®]) brand Natural. Currently Tyson, National Beef and Niman Ranch produce more than 6 million pounds of CAB brand Natural sold each year.

A bull that can be used on heifers. Has a little extra growth. The Charm daughters have excellent udders.

KOUPAL INFLUENCE
Female Sale

The Koupal's held their 5th annual female influence sale on December 6th, 2024 at Stockmen's Livestock. We had several customers consign their bred females for an elite sale and it was a huge success again! We sold 750 head of commercial bred females and averaged \$3350 with many of the (AI) bred heifers ranging from \$3500-\$3700. Exciting times are among us in the cattle industry and high-quality females are in great demand. Our goal going forward is to keep making these females better every year and offering nothing but front-end type. By having this sale, we feel we can bring the producers together who are searching for high maternal genetics to those of you that raise high maternal cattle.

For those of you doing heifer projects, IF you are not breeding your home raised females, we ask that you purchase heifers from a Koupal Angus customer to offer maternal characteristics that come with the K brand. Contact Dan if you have any questions regarding the qualifications or getting semen to "AI" with. If you are in search of females to breed, be in touch with Dan and he will direct you to some of the best females in the area offered for sale.

Both Koupal's Midwest Angus and Koupals B&B Angus families will work side by side putting this sale together again in 2025. Both upcoming bull sales offered by the Koupal's will have bulls that will work for heifers and young cows that will qualify you for this female sale. Get in touch with anyone of us Koupal's and we'd be glad to point you in the right direction when choosing your genetics.
