Travis & Ashley Bruner, Secretary/Treasurer

EPDS: EPDs may vary from the time the sale book was printed until transfer of ownership.

SOCIAL: Consignor's Social, sponsored by Hubbard Feeds and Multimin/Lactipro will be held Friday, January 5th, 2024 at 7:00 pm at the Ramada, Bismarck.

Welcome....

to the highly anticipated North Dakota State Angus Sale!

It is with great excitement that we present to you this elite offering of cattle and genetic lots consigned by members of the North Dakota Angus Association. These cattle have been hand selected from the top of the consigner's herds and we would like to thank them for allowing us the chance to select these cattle and genetic lots. It is undoubtedly an exciting time to be in the Angus business and this offering provides a great opportunity to add front end genetics to your herd.

This year we have a powerful set of yearling and coming 2 year old bull consignments sired by Mogck Entice, HCC Whitewater, Deer Valley Growth Fund, Wilks Regiment, Deer Valley Optimum, Sitz Resilient, Hoffman Thedford, Hill Valley Reckoning, S Architect, BAR B-52, SAV Anthem, MAR Eldorado, Tehama Tahoe, Myers Fair-N-Square, and Exec Mr. Crossfire.

The open heifers are sired by HCC Whitewater, KR Quality, Mogck Entice, Hoover No Doubt, Wilks Regiment, Musgrave 316 Exclusive, HPCA Veracious, and PF Stunner 013.

The bred heifer offering consists of heifers sired by Hoover No Doubt, Car Don Annuity, Mogck United Front, and Deer Valley Growth Fund.

Also being offered is the right to select any bred heifer from the Bruner Angus Ranch program and choice of three elite open heifers sired by Topp Standout 1072 from Topp Angus.

You will also have the opportunity to purchase a Pregnancy out of Deer Valley Apache x Spring Cove Liza 754, who is a full sister to Spring Cove Reno as well as a proven donor female from the 2023 North Dakota Angus Breeder of the Year, Becker Stock Farms.

Also in this sale you can purchase the right to flush the mother of the \$120,000 Sitz Intuition along with her embryos as well other exciting embryo matings. Don't forget to check out our semen division as well as the consignors have brought some rare and hard to find semen to this offering!

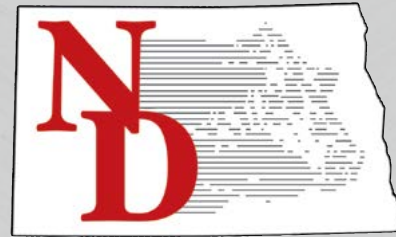

The 2024 North Dakota Angus Association State Sale offering is full of quality from top to bottom. Please accept this as your official invite to this event. You will not be disappointed!

Logan, Andrew, and Vern will be at the sale site from Thursday through sale day. Please reach out to us with any questions on this year's sale offering. We look forward to seeing you at KIST Livestock on January 6th, 2024. The catalog will be available on DV Auction, the American Angus Association website, the North Dakota Angus Association website as well as the North Dakota Angus Facebook page and the Frey Livestock Sales and Service Facebook page.

Sincerely,

Logan Hoffmann 701-388-2618

Andrew Swanson 507-829-4133

- This was not an easy decision to make. She has been one of our most productive donor cows and also has produced numerous heifers that are back in our herd and more that have went on to compete and do well for their new owners in both the Angus and Sim-Angus divisions.
- Averaging 12 embryos per flush. Besides producing productive heifers, her bulls have been class and division winners at the Black Hills Stock Show, National Western Stock Show in Denver, and the North Star Classic in Valley City. Our current herd sire, BSF Why Not, one of her sons, we are pretty proud of.

LOT 13 PICK OF THE BRED HEIFERS

- Bruner Angus Ranch is a 3rd generation, family operation that started in 1952. Bulls were sold private treaty for 30 plus years and this year in February we will be hosting our 22nd annual production sale at the ranch. We have sold bred heifers in our February production sale for many years, primarily to commercial customers looking to improve their herd needs. Never in the 71 year history of BAR have we given the opportunity to let a buyer have pick of our entire bred heifer crop! This was a big decision for us! Our philosophy has always been, "the best ones stay." We have taken advantage of AI breeding for 40 years and are now in our 8th year of an extensive ET program. Our breeding program has been pretty simple, "make cattle that support the needs of our commercial customers, so they are profitable." We like cattle with extra length of body that breed back, have above average mothering ability, and wean heavy calves in the fall. Structure and udder quality has been a focus since the beginning and we are proud of this set of bred heifers.
- There will be 130 bred heifers to pick from. They were synchronized and time bred on 5/30/2023, then pastured in 5 groups each with a separate clean up bull. They were ultrasounded and sexed on 8/31/2023. All of these heifers have a DNA parentage and AngusGS test done on them. 25 of these are straight from our ET program, and 75 others are AI sired. Highlights in this group are maternal siblings to BAR B-52, the \$26,000 high selling bull of our 2020 production sale, and ET daughters of the high selling lot in the 2021 ND State Select Sale for \$17,000 Carlson Madame Pride 8192 who is a full sister to SAV Renovation 6822.
- Sire groups represented: BAR B-52, BAR Explosive, Sitz Savvy 732H, Crawford Gaurantee 9137, Kesslers Commodore 6516, SAV Circuit Breaker 7136, SAV Emblem 8074, Connealy King Air, VAR Revelation 6299
- The heifers were AI'd to: Deep Creek Square Deal, Mohnen Trust Fund 6030, Hoffman Thedford, BAR Reveal (The high selling bull from our 2023 production sale.)

Act. BW: 71 | WW: 735 | WWR: 100

Dams Production: BWR 1@100 | WWR 1@100

- 360 is a low birthweight, stout, easy fleshing, sensibly framed bull out of a super nice, dog gentle Steller first calver that carries through in him always!
- He's an outcross, combining birth, weaning and future potential backed by a long line of fertility and maternal power.
- Thedfords come really easy and take off.

Act. BW: 68 | WW: 701

- We should be keeping this female! She is a granddaughter out of our donor cow, EAR Miss Pendleton E017, who is no longer with us. Keeping her genetics in our herd became imperative not only when she made pathfinder status but as we viewed her numbers and her offspring phenotypically, she became the definition of an Angus Cow to us.
- E017's ratios are BWR 10@92, WWR 10@105, and YWR 10@104.
- She never missed!
- E301 is a bigger framed, deep bodied heifer like her granddam. She makes CAB targeting the brand with the brand stamped on her papers.
- BWR 89. WWR 108

AI'd to Hoffman Thedford on 5/22. Pasture exposed June 1-30 to Nords Redemption 2212. Ultrasound examined safe due 2/28 to Thedford.

- 2061's grandmother is a full sister in blood to the female maker, SAV Net Worth. Her pedigree is loaded with sires that have left daughters with longevity and performance.

TOPP STANDOUT 1072
SIRE OF THE TOPP SALE HEIFERS

TOPP EMBLYNETTE 6077

TOPP BARBARA 5310

TOPP MARCIA 7039

- Wow! Offering your choice of the first three females offered for sale from Topp Standout 1072! Standout was the \$42,500 sale highlight from the 2022 Topp Angus bull sale selling to Lone Oak Cattle, Iowa. Standout's first progeny have the incredible structure, upper rib shape, muscle definition, and docility Standout himself exhibits. Standout's dam Topp Ruby 5307 (BR 4/98, WR 4/109, YR 4/104, IMF 26/103, RE 26/101) has recently sold into the incredibly potent donor lineup at Crooked Creek Genetics, GA. These three females offered stem from 3 of the most consistently productive females at Topp Angus:
- Granddam Topp Marcia 7039 (BR 4/96, WR 4/110, YR 4/101, IMF 6/110, RE 6/101) is a heavy milking, massive built cow in her prime at Topp Angus
- Dam Topp Marcia 0177 (BR 2/98, WR 2/106, YR 1/98) is a perfect uddered young cow well on her way to becoming the next great producer from the Marcia family
- Granddam Topp Barbara 5310 (BR 4/90, WR 4/105, YR 4/100). 5310 has produced some of our top young cows before selling to Jace Jenson, SD. Moderate in frame but highly productive, she stems from our foundation Barbara's 5016 & 3088 who were top producers until 15 and 17 years of age, respectively.
- Dam Topp Barbara 7821 (4/103, WR 4/102, YR 3/98, IMF 1/121) is another young, correctly made female leaving her mark at Topp Angus. A great opportunity to add a member of the great Barbara cow family to your program.
- Granddam Topp Emblynette 6077 (BR 3/89, WR 3/101, YR 3/98, IMF 12/108). 6077 stems from the Emblynette cow family that needs no introduction to the Angus community. 6077 is a very eye appealing, athletic, and great uddered female that sold as a donor to Wernimont Farms, IA in 2021. A rare opportunity to acquire genetics from our foundation Emblynette.
- Dam Topp Emblynette 9025 (BR 3/99, WR 2/109, YR 1/105). 9025 is a super correct, perfect uddered young Barron female. It is hard to potentially lose a daughter of this future herd matriarch but 9025's potential production in our herd has just begun.

Dams Production: BWR 3@101 | WWR 3@126 | YWR 2@115

- A genetic opportunity to acquire some of the breed's freshest genetics.
- The dam in this mating is the highest weaning ratio cow in the entire Bruner Angus Ranch herd after her first 3 natural calves at 126! She is the dam of the heaviest 205 day weight bull calf in BAR history at 933 lbs. That bull calf sired by Kesslers Commodore went on to be the high selling bull in our 2022 production sale. In the fall of 2022 she weaned the heaviest heifer calf of the entire crop sired by BAR Explosive.

- These embryos are sired by one of the most exciting sires to enter stud from the 2023 spring season! Stellpflug Hoffman Riseabove is a rare combination of phenotype, proven maternal lines and EPD's. He is sired by the popular Stagecoach bull and out of a full sister to Hoffman Thedford. He is a member of the 100 \$M/300 \$C club, that few bulls are a part of.
- We are confident this mating will raise the bar!
- Offering 3 IVF embryos, guaranteeing 1 pregnancy if implanted by a certified embryologist.

- We made the trip to Coleman's this fall and were blown away by Coleman Chloe 1431, and were very fortunate to purchase her in their 2023 fall herd dispersal sale. She is the product of one of the most consistently high quality matings of the past few years, Coleman Bravo 6313 x Lawsons Chloe C815. Full siblings to her include the \$450,000 valued Coleman Triumph 9145 who was used with great success in our own herd this year, the \$300,000 valued Coleman Chloe 034, and the \$750,000 valued Coleman Chloe 9275 who is the dam of the \$250,000 valued Coleman Arrowhead 235 and the \$340,000 valued Coleman Platinum 2622.
- We also saw the sire of these embryos while at Coleman's, the \$270,000 one quarter interest Coleman Glacier 041. He was one of the most impressive bulls we have seen. His physical presence and phenotype were second to none in a very powerful package.
- We believe these embryos are a great opportunity if you are looking to raise a foundation female, or a highly maternal herd sire that will make great daughters and sons alike. A full sister in blood to these embryos recently sold for \$65,000 half interest as the lot 1 female in the Ingram Angus sale.
- Seller guarantees one pregnancy if implanted by a certified embryologist. Shipping is buyers expense. IVF embryos collected and stored at Trans Ova

The option is yours to produce some of the most sought after embryos from the dam of Sitz Intuition. Buyer is purchasing right to 1 flush with no limit of viable embryos. Bovagen in Britton, SD will conduct flush with sire of buyers choice. Guarantee of 8 viable embryo minimum. This flush is scheduled for 2/19/24. 5053 averages 19 quality freezable embryos per flush. Her 2 most recent flushes produced 16 and 24 respectively. Buyer is responsible for semen, flushing expense and shipment of embryos.

**LOT 54 – RIGHT TO FLUSH
SITZ FLORABELLE FANNY 5053**

- Sitz Florabelle Fanny 5053 is the dam of the \$120,000 ST sire Sitz Intuition. 5053 is a very fertile productive cow; at Sitz Angus she maintained a 364-day calving interval and her production record showed an average BR of 96 and WR of 101 consistently balancing significant calving ease with above average performance.
- Fanny is pictured as a coming 9-year-old and still carries her functional appearance as a coming 11-year-old today.
- Our interest and appreciation of 5053 was confirmed with friend and fellow North Dakota breeder Justin Spickler at Spickler Ranch North, Glenfield ND. "The Florabelle Fanny cow family comes with extra fleshing ability, maternal functionality, sound uddered, and milk very well."
